

SOLDIER BONUS ACTION UP IN THE AIR

MAY BE UNABLE TO BRING ABOUT VOTE IN HOUSE MONDAY

Inability to Ascertain the Attitude of Speaker
Gillett on the Motion to Suspend Rules is
the Cause—Representative Frear Takes
Secretary Mellon to Task in Letter

(By The Associated Press)
WASHINGTON, March 13.—Republican leaders were confronted today with the possibility that they might be unable to bring about a vote in the house on the compromise soldiers' bonus bill under suspension of the rules next Monday. With a favorable report of the measure by the ways and means committee promised by Chairman Fordney, they generally were agreed that the bill should be disposed by the house early next week.

Inability to ascertain whether Speaker Gillett, who is in Florida, would entertain a motion to suspend the rules which would require a two thirds vote for passage of the bill and would automatically bar all amendments threw the question of procedure into the air.

Republican members of the ways and means committee who at a morning meeting decided to proceed with their plans for a report of the measure at the meeting of the full committee tomorrow despite objections to its provisions voiced by Secretary Mellon and Comptroller of the Currency Crissinger held a conference later with members of the Republican steering committee and several others, including Representative Walsh, Massachusetts, acting speaker, and Representative Fess, Ohio, and Towner, Iowa.

ATTEMPT TO BAR RAILROADS FROM HEARINGS FAILS

Hooper Rules Against
Employees at Mon-
day's Session

(By The Associated Press)
CHICAGO, March 13.—An attempt to bar a number of railroads from the wage hearings before the labor board failed today when vice-president Ben W. Hooper ruled against evidence presented by railway employees to show that the roads had violated the law and should have no standing before the board.

The ruling brought out the fact that action on cases involving three roads charged with violation of the transportation act because of contracting shop work to outside firms, is expected soon. The question at issue, vice-chairman Hooper said was one of the most important the board has faced. If such contract work were declared legal, he added, "the ground would be cut out from under this board and the vitals of the transportation act would be killed."

Cases against the Erie, the Indiana Harbor and the New York Central are now pending before the board. All involve the subletting of work to contractors, all of whom are paying lower wages than the scale set for the railroad one day and opened by a contractor at lower wages the next, the railroads were setting an example which might convince the employees that the very small number we have earned radicals were right and the great majority of sane minded employees 100 per cent wrong.

Mr. Jewell's attempt to rule out the contracting carriers came after he had presented testimony intended to show that proper conferences according to the requirements of the transportation act had been held prior to bringing wage disputes to the board on numerous railroads. Mr. Jewell charged that there was no real endeavor made actually to negotiate a new scale.

WILL TRY FOR NEW TRANS-ATLANTIC FLIGHT

(By The Associated Press)
CHICAGO, March 13.—In a monoplane of a new design said to be capable of a 3,000 mile range, Cuno Rheden of Chicago, will attempt a new trans-Atlantic flight soon with three passengers, he said today.

He will seek to make his flight from New York to Paris in the hope of being the first to accomplish the jump from North America to continental Europe. The airplane is now under construction here.

LOOKS LIKE SOFT COAL STRIKE WILL START APRIL 1ST

Officials See Little
Hope of Averting
Walkout

(By The Associated Press)
WASHINGTON, March 13.—Little hope for the averting of a strike in the unionized bituminous coal fields on April 1, was held out today in official circles which are most concerned with the government attempts to bring about an adjustment of wage agreement differences. Mine operators it was held were in their refusal to enter a conference with the United Mine Workers looking to the creation of a new wage contract for the central competitive field, notwithstanding representations to them by Secretary Davis who holds that existing contracts require the at least to enter negotiations regardless of whether such negotiations are carried to completion.

The United Mine Workers, was declared to be willing to enter a conference, also insisting upon the maintenance of existing wage scales, which were adopted in 1920. The employers are demanding reductions amounting to 20 per cent or more.

It was indicated that the government would go no further at present but await the development of the threatened strike.

The degree of possible government intervention later, it was said by a high official would be determined by the degree to which the strike, if it developed might affect adversely the public welfare. Statistics assembled for the labor department indicate that sixty million tons of coal are now in storage, approximately a ten weeks supply for the entire country that this amount is rapidly being augmented, and that non-union production is tending to increase.

Local agreements between the union and operators are also expected to go into effect on or before April 1, which would insure maintenance of further operators. Secretary Davis was said to be maintaining a policy of hands off with reference to the Anthracite situation on the ground that the operators and miners were now conferring and that prospects were at least hopeful that wage contracts would be made.

NO FEDERAL CHARTERS FOR PRIVATE BODIES

(By The Associated Press)
WASHINGTON, March 13.—By a vote of seven to two the senate judiciary committee today decided against all legislation proposing federal charters for private organizations which are not formed for the purpose of executing some power granted in the execution of the committee's adverse action to grant federal incorporation to patriotic, charitable and similar organizations. Among the organizations which have bills pending for federal incorporation are the Disabled American Veterans of the World War, Rotary Clubs, the General Federation of Women's Clubs, and several Greek letter fraternities.

MAY TRY LIQUOR CASES IN STATE COURTS

(By The Associated Press)
CHICAGO, March 13.—An announcement that Attorney General Daugherty had authorized the taking of prohibition law violation cases into the state courts if speedier convictions could be obtained was made by Federal Judge George A. Carpenter.

The order, it was said, was the result of several months effort to ascertain what could be done to relieve congestion in the federal courts and the announcement was made on the eve of a meeting of the state prohibition agents.

MAY HOLD 1924 OLYMPIC AT LYONS

Paris, March 13.—The possibility of holding the 1924 Olympic games at Lyons was being considered today as a way out of the controversy that has arisen in connection with the plans to stage the event at Paris.

ASKS ROADS HOW MUCH WOULD BE SAVED.

CHICAGO, March 13.—The railroad labor board today sent letters to all railroads asking what the annual saving would be if the roads present requests for wage decrees be granted.

DIVIDE COUNTRY INTO EIGHTEEN PROHIBITION DISTRICTS

E. C. Yellowley Will be in
Direct Charge of
Districts

(By The Associated Press)
WASHINGTON, March 13.—Division of the country into 18 districts of the enforcement territories of the federal force of general prohibition agents was announced tonight by Commissioner Haynes. E. C. Yellowley, chief of general prohibition agents will be in direct charge of the districts.

Each division Mr. Haynes said will be in charge of a divisional chief who will be under direct control of the prohibition commissioner acting thru Mr. Yellowley. By April 1, he added it is expected there will have been a complete re-allocation of the general agents forces in accordance with the new plan.

"The force of general prohibitions," he said, "under the direction of divisional chiefs will not in any manner be a part of the forces working under the supervision of federal prohibition directors but will be a separate and distinct organization wholly under the control of the prohibition commissioner. Of course it is understood that the purpose is that the work of these men shall supplement the work of the field forces operating under the direction of the state directors and will be a very great aid to the respective directors in their work."

"One of the chief objects of this newly announced plan is to secure the largest possible measure of economy in the operation of this force."

The 18 districts include:
Tenth: Ohio, Indiana and Michigan, except the northern peninsula.
Eleventh: Illinois, Wisconsin and the northern peninsula of Michigan.
Twelfth: North Dakota, South Dakota, Minnesota, Iowa and Nebraska.
Thirteenth: Kansas, Missouri, Oklahoma and Arkansas.

FATTY ARBUCKLE GOES ON TRIAL FOR THIRD TIME

One Juror Was Temporarily
Passed During First
Day

(By The Associated Press)
SAN FRANCISCO, March 13.—One juror temporarily passed was the record of the first day's session in the trial of Roscoe P. (Fatty) Arbuckle on manslaughter charges arising from the death of Virginia Rappe movie actress. Six veniremen were examined. Four of these were excused for having opinions. One proved satisfactory to both sides and the sixth was still under examination when adjournment was taken.

The examination of the prospective jurors assumed a wider scope than at either of the previous trials and it was predicted that more than a week would be consumed in obtaining the jury.

The women's vigil committee representing women's clubs of the city was again in attendance. The trial is being held before Superior Court Judge Louderback, who presided at the other trials.

OVERRULES MOTION TO QUASH INDICTMENT

(By The Associated Press)
CAIRO, Ill., March 13.—A motion to quash an indictment charging manslaughter against the Rev. Joseph Reich of Eudora, Kansas, until recently pastor of a Catholic church at Grand Chain, near here was overruled today and selection of a jury to try him began. The charge is in connection with the death of John Burton, who was killed by an automobile driven by Father Reich, January 23, last.

BRADLEY HAS BIG BASEBALL SQUAD.

PEORIA, Ill., March 13.—Thirty-five candidates reported to Coach A. J. Robertson today for the first baseball practice at Bradley Polytechnic. Robertson expects another strong nine this year but will have to rebuild his pitching staff. Howell, last year's leading hurler has departed for Houston, Texas, where he is trying for a slab position with the Houston club of the Texas League.

STRICTER ENFORCEMENT OF HEALTH RULES.

CHICAGO, March 13.—Stricter enforcement in local communities of rules promulgated by the department of public health will be recommended to the Chicago Health Congress which opens tomorrow. Sociologists, educators and social service workers will be in attendance.

SAYS HENRY FORD WOULD GO BROKE ON NITRATE PLANT

Chemist Says Worth-
less as Fertilizer
Producer

(By The Associated Press)
WASHINGTON, March 13.—Charles L. Parsons, consulting chemist and former technical adviser to the government on nitrate fixation testified today before the house military committee that Henry Ford, any other person or company would lose their penny before they ever produced commercial fertilizers at the nitrate plant No. 2 at Muscle Shoals, Ala. The plant which has cost the government about \$69,000,000, the witness said was designed to be operated only by the cyanamid process of nitrate fixation an obsolete method and was worthless as a fertilizer producer.

As to the future use of the plant at Muscle Shoals, Mr. Parsons recommended that it be kept in a stand by condition for emergency use in war times and declared that that was its only present value insofar as its worth as a fertilizer factor was concerned.

Contrary to reports, he declared nitrate plant No. 1 designed to operate by the Haber Process, had been a successful experiment and could be altered for \$1,000,000 or \$1,500,000 and used successfully in the production of nitrates and fertilizer compounds. Mr. Ford's fortune would be dissipated, Mr. Parsons added, if he attempted to manufacture fertilizers at Plant No. 2 at a profit applying the cyanamid process or any other to which the plant might be converted. The cyanamid and Haber methods were so different, he explained that it would be impossible ever to apply the latter to plant No. 2 without removing it from the ground. It was the opinion of the witness that no individual or company would ever attempt manufacturing fertilizer on a commercial scale.

He urged the committee to make sure that Mr. Ford would produce cheaper fertilizers for the farmers before congress accepted the proposal of Ford or that of any other bidder.

Chairman Kahn, announced he expected to hear only two more witnesses before the hearings closed.

DISMISSES SUIT OF MADAME GADSKI

(By The Associated Press)
NEW YORK, March 13.—Federal Judge Learned Hand today dismissed the \$100,000 libel suit brought by Madame Johana Gadske Tauscher against the Chicago Opera Association Inc.

The action was dismissed on the ground that the court had no jurisdiction inasmuch as the plaintiff is not a citizen of the United States and the defendant is a Virginia corporation without principal offices in this district under the statute.

In a complaint filed last month the singer asserts that the Chicago Opera Company in rescinding a contract under which she was to appear in its opera, gave as its reason that she had become unpopular because of the war activities of her husband, Captain Hans Tauscher of the German army.

SECOND TRIAL OF DALTON CONTINUED.

CHICAGO, March 13.—The second trial of William Dalton, 17, on charges of taking \$772,000 of bonds from the Northern Trust company was continued today because his counsel was engaged in another trial.

STATE OF TEXAS GETS DECISION OF THE SUPREME COURT

Says Interstate Commission
Is Without Au-
thority

(By The Associated Press)
WASHINGTON, March 13.—The interstate commerce commission was held today by the supreme court to be without authority to authorize or compel the abandonment of strictly state railroads.

The decision handed down in a case brought by Texas against the Eastern Texas railroad company to prevent that railroad from dismantling under an order issued by the commission declared that where a railroad lies entirely within a single state, is owned and operated by a corporation of that state, and is not a part of another line, and where its continued operation cannot be of more than local concern the commission was without jurisdiction. Interstate and foreign commerce will not be burdened or affected by any shortage in the earnings of any carrier in such commerce have to bear or make good the shortage, of the Eastern Texas Railroad, Justice Vandevanter stated in delivering the unanimous opinion.

"It is not as if the road were a branch or extension whose unremunerative operation would or might burden the main line," he added "and thereby affects its utility or service as an artery of interstate and foreign commerce."

For the courts to hold, the decision said, that congress in authorizing the interstate commerce commission to dictate the extension and abandonment of old lines, intended that the commission should "deal with the abandonment of such a road as to intra-state as well as interstate and foreign commerce," would raise a serious question as to constitutional validity of the law. Where a statute is susceptible of two constructions by one of which grave and doubtful constitutional questions arise and by the other such questions are avoided it is the duty of the court to adopt the latter, Justice Vandevanter said.

As construed by the court it was the intention of congress to enact a law to regulate interstate and foreign commerce, and to affect state commerce only as it may be incidental to the effective regulation and protection of interstate commerce.

MOONSHINE PARTY RESULTS IN DEATH

(By The Associated Press)
CHICAGO, March 13.—John Lipinski and his three children, the oldest a boy 12, lay dead of gas today as a result of an alleged "moonshine" party in their home. The mother was in a critical condition at the hospital.

A note scrawled on a soiled piece of paper and found on the kitchen table amid overturned bottles of whiskey read:

"I must go."

It was believed to have been written by the father before he turned on the gas.

MINISTERS URGE MILLER TO STICK

(By The Associated Press)
ST. LOUIS, Mo., March 13.—Ministers of the St. Louis Presbytery tonight adopted a resolution urging Victor J. Miller, president of the board of police commissioners, to resign his office and slowness to resign after an impartial investigation" has been made of the charges made by the commissioner last week that students of the Soldan High School had seriously ruptured the moral code of the institution.

"I feel that Mr. Miller must have proof to support the charges made by him and that he will present them in due time," declared Rev. W. E. Lampe, one of the leading Presbyterian ministers.

Governor Hyde and Commissioner Miller conferred late today. Later Governor Hyde denied reports that he had accepted the resignation of Miller, but it became known that a discussion regarding the resignation of the police board officer was made. Governor Hyde said he would not act until the investigation had been completed or until after Miller met the committee of parents of pupils of the high school involved in the controversy. The committee today presented an invitation to Mr. Miller to meet them tonight but it had not been accepted at a late hour.

FOUR POWER TREATY OPPONENTS LAUNCH ANOTHER BROADSIDE

Senators Johnson and Borah Lead in An All-
Day Attack—Former Says That Ratifi-
cation Would Be National Surrender
Under Threat—Reed Assails Republicans

(By The Associated Press)
WASHINGTON, March 13.—Opponents of the four power Pacific treaty loosed another series of broadsides against the pact today in the senate but slackened their onslaught just before adjournment to accept a unanimous agreement for a vote tomorrow on the first of the proposed amendments.

Senators Johnson, California, and Borah of Idaho, Republicans, took the lead in the all day attack, the former declaring ratification would be a "national surrender" under a threat of danger from the Anglo-Japanese alliance and the latter asserting that the proposed four power arrangement would transfer to the Pacific the old balance of power system that has dominated Europe for centuries.

A question as to the authorship of the treaty and its supplemental agreements again was raised, Mr. Borah asserting that despite Secretary Hughes' letter accepting responsibility for its final draft, there seemed to "be most conclusive proof that somebody else wrote the treaty."

The amendment on which it was agreed that the treaty would be voted on tomorrow was proposed by Senator Robinson, Democrat, Ark., and will be the first issue of the four power treaty fight to come to a roll call. As modified today by Mr. Robinson it provides that the rights of nations both in and out of the four power group are to be respected and that non-signatory as well as signatory nations shall be invited to any conference held to consider controversies affecting their insular interests in the Pacific "or any far eastern questions."

Administration leaders declared tonight they had sufficient votes to defeat the amendment, which has been touched on very little in debate. Senator Robertson made a short speech today favoring its adoption in the interests, he said, of fair play for Russia, China and other non-signatory nations and Senator Lenroot, Republican, Wisconsin argued against it on the ground that it would impose blanket obligations, going even beyond the league of nations covenant. Senator Johnson's address of more than two hours was directed largely against the declaration of the treaty supporters that its chief benefit lay in the provision abrogating the Anglo-Japanese alliance.

If solemn assurances of Great Britain and Japan regarding the purposes of the alliance were to be credited, he said then it contained no menace to the United States while if these assurances were to be regarded as false, then this government should not go into partnerships with nations which had practiced the deception.

Senator Borah likened the treaty to the triple entente of Europe, which he said did not bind Great Britain and Russia to go to the aid of France in 1914, but nevertheless resulted in concerted action by all the entente powers. The four power treaty might not impose any legal obligation on congress to declare war, he asserted, but it provided for a conference which might easily result in a moral obligation which congress could not escape.

Senator Reed, Democrat, Missouri, assailed Republicans who formerly had opposed the Versailles treaty but now supported the four power act, declaring they were ready to take "medicine handed in a spoon held by a Republican president, although they had refused it when it came from a Democrat." In the main, treaty supporters made little effort to reply to the attacks.

CONFESSES TO ELEVEN WIVES

INDIANAPOLIS, Ind., March 13.—Confessing that he has had 11 wives some of whom he does not even remember by name, Isiah Moore, 32, alias George S. Melrose, being held here charged with bigamy and embezzlement, local police announced tonight. Moore admitted defrauding several women of sums of money, police say.

Moore is charged with embezzling \$500 from his last wife, Miss Harriet Evans, now a school teacher in a northern Indiana town. He is said to have deserted her one week after marriage. Moore was always active in social affairs and usually joined a church in the towns which he visited, police declare. They say he joined a church here after deserting Miss Evans and then proposed to three Indianapolis women.

TELEGRAPHERS RULING HAS BEEN EXTENDED

CHICAGO, March 13.—The recent ruling of the railroad labor board regarding rules and working conditions for telegraphers on 75 roads was extended today to include the Delaware and Hudson Company, the Michigan Central Railroad, the New York Central, east and west and the Pittsburgh and Lake Erie Railroad. The decision provided for an eight hour day with pro rata pay for the ninth hour and time and one half after the ninth hour.

EMPORIUM SALE OPENS TOMORROW
Lease Extended Until May 31st
Only—Mr. Goldstein Settles With Eastern Manufacturers—Passes the Bargains Along to the Public.
The Emporium on East State street will be closed today while the final preparations are being made for the big sacrifice sale which is to begin tomorrow. Mr. Goldstein, proprietor of the Emporium, was able to negotiate a further lease for the building from Andre & Andre, until May 31. This means that in ten weeks' time the building must be vacated.
The National Purchasing association, which does the New York buying for Mr. Goldstein, did not know that the lease on the building had expired and made heavy spring purchases for the store. In this difficult situation Mr. Goldstein went to New York City and was recently able to effect a settlement with the firms from whom purchases had been made at about 33 1-3 cents on the dollar.
The buying public in Jacksonville and vicinity is to reap the benefit of this enormous cut. The goods offered are not of the cheap sweat shop variety, but of dependable quality and style. It is an unusual thing to have a sale of this kind at the very beginning of the spring season, and the people of this territory will not be slow in availing themselves of the offered opportunity.
The renewed lease from Andre & Andre lasts only until May 31, and it is going to take a quick and continuous selling to have the shelves cleared before the time of the big stock of fine merchandise that the Emporium is carrying. Remember the store will be closed today but will be open tomorrow at one minute after 9 o'clock. (adv.)

"GREATEST LEGACY" IS SERMON THEME
Splendid Address Given By Dr. H. E. Peabody at Congregational Church on Value of Character.
"The Greatest Legacy," was the theme of Dr. H. E. Peabody of Appleton, Wisconsin, at the Congregational Church Sunday night. It was an interesting sermon, in which the well known minister laid special emphasis upon the value of character. He said "Character is the deciding factor in the destiny of any life or nation."
Then continuing he suggested that in aiding toward a better government that a man makes a greater bequest to coming generations than he can by mere money. Much thought is given to good living, but that is not nearly as important as good life, for "What shall it profit a man if he gain the whole world and lose his own soul?" He said that it would be a wonderful thing in life if each one would labor much to give character to their children as they do culture and wealth. For the parent of today he held up the ideal that the greatest interest in the whole structure of life should be that the child shall be able to climb up on the lives of the parents into their own stability of character.
He emphasized the thought that in early years at least children look upon their parents as all wise and all loving, and parents in reality give to their children their formative idea of God. So the greatest importance attaches not only to the opinion and estimate that children have of their parents, but how well in later years the parents can measure up to that estimate.
Engineering construction is so perfected today that on railroad bridge is removed and another substituted without the cessation of traffic and the change is made so easily that the passengers do not know the difference. In this way there should be the passage or transition of the love of one father to the other. The highest ideal is that the life of God and the spirit of man shall be so blended that righteousness becomes a fixed habit.

I. C. ALUMNI HAD REUNION IN NEW YORK
Association Met at Hotel Astor—Addresses Made By Dr. Edward Capps and Col. Edward Clifford.
The New York Alumni of Illinois college recently enjoyed a dinner at Hotel Astor. The attendance was larger than usual, indicating both the sustained and increasing interest of the alumni in old Illinois. Addresses were made by Dr. Edward Capps, late minister to Greece, and Col. Edward Clifford, assistant secretary of the treasury, and Donald C. Catlin, retiring president of the New York association, was another speaker.
The newly elected officers are: President—Dr. Charles B. Russel, '39, Patterson, N. J. Vice president—Frederick C. Coleman, '01, New York City. Secretary—Dr. Bryon C. Darling, '98, New York City.
Dr. Capps based his address upon experiences in Greece and then informally presented to the assemblage the question of an alumni periodical. A great deal of interest was manifested in this project and it is probable that a decision will be reached with reference to the publication at a meeting of the general alumni association to be held at the college during the commencement season.
Among guests present at the New York gathering were Mrs. Edward A. Tanner, Mrs. M. E. Dwight, and Miss Elizabeth Kirby.

Greece Needs Protection.
Dr. Capps laid emphasis upon the fact that Greece is to date the only one of America's war time allies who paid interest on her war debt as it has fallen due. He took the position that Greece should be strengthened in her present struggle. He said that the U. S. has enormous interests in the Near East, including American trade and further suggested: "The desertion of our former ally is not warranted by the excuses which endeavor to explain that it has been occasioned by internal conditions in Greece. I sincerely regret the aloofness of the U. S. from the Near East situation, because the terms of the treaty of Sevres which Greece is seeking to enforce were proposed by the representatives of the U. S."
Col. Clifford credited Andrew W. Mellon, secretary of the treasury, with the achievement of having the government live within its income. In further explanation of the splendid record of Secretary Mellon, Col. Clifford said: "U. S. Expenses Reduced."
"While the public debt has been reduced over \$3,000,000,000 it is still about \$23,500,000,000. Of this amount \$6,500,000,000 of falls due within the next fifteen months over \$3,500,000,000 being in the form of Victory notes maturing May 24, 1923, over \$2,000,000,000 in the form of Treasury certificates, maturing at various dates within the year, and nearly 750,000,000 in the form of war savings certificates maturing Jan. 1, next.
"Practically all of this six and one-half billions of debt which is about to mature must be refunded so the treasury's task is to find it in such a way as to distribute the debt in the most convenient maturities for future payment, and which would disturb business and at the same time, avoid spectacular "refunding" operations which would disturb business and upset the financial markets. The magnitude of this task can be partly grasped when it is explained that the ordinary machinery in the government is now called upon to collect or replace, in a quiet, business-like way, an amount equal to the sum returns of the first and second Liberty loan campaigns, in which we had the energetic assistance of 1,000,000 patriotic citizens."

Eat PRINCESS Pie
TO DISCUSS CLEAN-UP AND PAINT-UP CAMPAIGN
A special committee was named to co-operate with the forum committee in arranging for the meeting to be held at the Chamber of Commerce rooms tonight. Pictures were taken Sunday afternoon in various parts of the city and made into stereoscopic slides for use tonight. It is now the expectation to have the clean up and paint up campaign during the second week in April, but the date has not been certainly fixed. However, the whole plan is being worked out in an enthusiastic way and something worth while and substantial will be done.

TOMORROW LAST DAY TO FILE REPORT.
If you haven't made out your income tax report and settled up with Uncle Sam you had better be doing it. Wednesday, March 15th is the last day of Grace, or the final date when you are expected to do it.
Every one who has been listed to make an income report has had ample time and notice and there is likely to be no excuse for he who has procrastinated. Deputy Collector C. R. Sheffield has been at the Scott Block with assistants to render aid to persons who want it and the list has been a long one at times.
The bankers have also been active in aiding their patrons in making out the necessary papers and it is very likely that those who have incomes to cause such reports to be made have properly done so, or will do so in due time.

PLAN CAMPAIGN ON SUNDAY MOVIES.
Representatives of the different churches of the city held a meeting last evening at Grace M. E. church parlors for the purpose of formulating plans for a campaign against the holding of Sunday moving picture shows in Jacksonville. A number of persons present made talks on the subject and a men's committee was appointed with Rev. W. E. Spoonst as chairman and also a woman's committee with Mrs. A. B. Williamson as chairman. These chairmen were given power to appoint the remaining members of their respective committees. These committees will formulate a campaign against the proposed holding of movie shows in the city on Sunday.

SYNOPSIS OF TALE
Prue is the adopted daughter of Colonel Fairfax, a lovable old bachelor who has never married because of a misunderstanding with his boyhood's sweetheart, Constance Llewellyn, who had lived on the next plantation. Constance married another man, but comes back to her old home when she becomes a widow. Prue attempts to consummate that old romance, and in so doing develops one of her own which is even more unusual, but not before she has been wooed and almost won by a clever villain who is a counterfeiter wanted by government agents.

FINE SERVICE AT LITERBERRY CHURCH

Rev. Ben Johnson Heard in Splendid Sermon Sunday Morning—Other Literberry News.

Literberry, March 13. — Rev. Ben Johnson, pastor of the Baptist church, preached a fine sermon Sunday morning from Proverbs 29:18 "Where the People Have no Vision, they Perish."

Rev. Johnson told his congregation the importance of giving heed to the vision that God gives us, and of the great need today of Spiritual Life. Closing thought, the responsibility and example of the older people and especially parents, will influence the boys and girls, whether they live pure, clean lives or not, to be a true friend to the young people.

At the close of the Sunday school Mr. Johnson read to the school, "The Tragedy of Israel," by William Edgington Bryan.

The Misses Irene and Dorothy Ogle of Peoria boulevard had a slumber party Saturday night.

Miss Mildred Underbrink and Miss Eleanor Guy were the guests. They all enjoyed pleasant dreams and were at Sunday school next morning on time.

Mrs. J. M. Daniels is improving in health, which her friends are very glad.

Mr. and Mrs. Samuel Sidney and baby attended Baptist church on Sunday.

SQUIRE COONS' WILL IS PLACED ON FILE.

The will of the late J. M. Coons has been filed for probate in the office of County Clerk Riggs. The original document was drawn on March 18th, 1909, with the signature witnessed by R. L. and C. S. McCullough. By the terms of the will business property including a drug store in Franklin, is bequeathed to the son, Bryan W. Coons. Certain bequests of personal property are also made to him and then there is the provision that other property shall pass to Mrs. Alice Coons, wife of the testator.

It is provided also that the executor shall sell the residence property on North Main street and pay one-third of the funds resulting to Mrs. Coons.

From the remaining portion, one-third of one-fifth is to be paid to W. R. Mendenhall, husband of a deceased daughter, and then the residue is to be divided into four parts for distribution among J. L. Coons, Bryan Coons, Nellie Lynn and May Davenport, sons and daughters of the deceased.

It is provided in the will and codicils that John L. and Bryan Coons and Jesse Davenport shall be executors of the will.

Some slight changes were made by the codicils to the will the first one being executed March 1, 1917, with H. J. Rodgers and J. O. Priest as witnesses to the signature, and the last one December 20, 1921, with John J. Reeve and Mrs. Lina Epperson as witnesses.

Jacksonville Chapter No. 3 R. A. M. will hold a special Convocation this evening at 5:30 o'clock. WORK. Visiting Companions welcome.

THE FIRST DAY FOR ABSENT VOTER BALLOTS.

County Clerk G. L. Riggs yesterday called attention to the fact that this is the first day for filing of applications for absent voters' ballots at the primary election April 11. The last day for the filing of applications is April 1. However, persons who expect to file such applications are urged to take as early action as possible.

One week from Wednesday, March 22, is the last day for the withdrawal of candidates for county offices. Up to that date by filing petitions in the proper form any candidate has the privilege of withdrawal. So far as known, none of the candidates for Morgan county offices have any thought of quitting the contest at this time.

MEREDOSIA BRIDGE WORK PROGRESSES

Interest Shown on Condition of Roadway—Farmers Donate Services—Work to Be Pushed on Pike County Side.

The unfavorable weather for a day or two has interfered to some extent with the work at the approaches of the Meredosia bridge. However, L. F. Berger of Meredosia, a member of the executive committee which arranged for this improvement, was in Jacksonville last night and said that there is going to be no difficulty about completing the work about 15th. That is the date mentioned in the contract.

The citizens of Meredosia have been doing the major part of the work thus far, and so much interest in the project that they have been showing fine results from their enthusiasm.

As already mentioned, the grading work on the Morgan county side of the bridge has been completed. On the west side in Pike county considerable more work must be done. It will require about 150 yards of grading to the levee and the roadway will run on the levee for a distance of nearly three fourths of a mile. Twelve or fifteen cars of rip-rap will be used and this will be shipped from Quincy.

The approach passes thru two swamps on the Pike county side and a drag line dredge will be used in throwing up the necessary earth. A dredge was in use in the district and it was therefore possible to secure it for this work at a reasonable cost.

The interest that Morgan county people are taking is shown by the fact that already farmers between Chapin and Meredosia have agreed to donate 50 days grading. This information was sent to the committee by Fletcher Matthews, one of the group. The owners of land have also agreed to move back their fences at sharp corners along the roadway. As soon as the grading and other work has been done the road will be oiled all the way from Jacksonville to Meredosia.

FIXING UP FARM BUREAU OFFICE

Decorators began work yesterday at the Farm Bureau office and it is hoped that within a few days the whole interior of the office will be redecorated and painted. The walls are to be painted a buff color and the ceiling will be tinted a light tan. The wood work in both the reception room and in the private office will be painted and the appearance of the suite will be much improved. The plans for redecorating were approved at the directors' meeting last week.

WILL HOLD FUNERAL IN CHAPIN TODAY

Miss Mary Zelle Butcher Died Sunday at Home of Harry Onken—Deceased a Musician of Wide Fame.

After months of patient and cheerful suffering, Mary Zelle Butcher, daughter of Mrs. and the late Rev. Mr. William Butcher, died early Sunday morning, March 12, at the home of her sister, Mrs. Harry Onken, in Chapin.

Miss Butcher's girlhood was spent in Central Illinois, where her father held various Congregational pastorates, the last of which was that at Joy Prairie. She was a graduate of Knox College, Galesburg, and of the Conservatory of Music, Jacksonville. She was a highly accomplished musician having taken post graduate courses at Oberlin College and under private masters in Boston, New York and London. For a number of years, Miss Butcher had made her home in Boston, where she had a large class of private pupils in Cambridge and Wellesley Hills. Following a severe operation, last May, and a summer spent in the Berkshires in hope of recuperation, Miss Butcher had been in Chapin.

She had a personality of unusual charm and sweetness and had endeared herself to many. Her mother, Mrs. William Butcher, and sister, Mrs. Harry Onken, of Chapin, her sister, Mrs. Harold Close of London, England, her brother, Harry Butcher of Gulfport, Miss., and her many other relatives and friends have the sincere sympathy of the community in their bereavement.

Funeral services will be held at the residence of Harry Onken, at 10:15 Tuesday morning, with the Rev. Dr. Post officiating. Burial will be in Galesburg.

ENTIRE STOCK TURNED OVER TO THE ADJUSTER

TO BE DISPOSED OF IN THE QUICKEST POSSIBLE WAY

P. C. Cooper, Merchandise Sales adjuster for the Manufacturer of New York City, is here to dispose of this New High Grade Stock of Ladies' and Misses' Spring Coat, Suits, Wraps, Dresses, Millinery, Hosiery, Blouses, Sweaters and Underwear.

These goods were ordered for us by our New York Buyers several months in advance of the season in order to give the manufacturer time to make these garments. At the time these orders were placed our buyers did not know that we would have to give up possession of our building at this early date as well as ourselves. DUE TO THE FACT THAT THESE GOODS WERE MADE SPECIALLY FOR US FROM COPIES OF PARISIAN MODELS, AS WELL AS AMERICAN ORIGINATIONS WE WERE FORCED TO ACCEPT THESE GARMENTS. ANDRE & ANDRE, the new owners of our building, have granted us an extension of ninety days on our lease so that we may dispose of these goods.

YOU WILL NOTE FROM THE REPRODUCTION OF LETTERS BELOW THAT WE HAVE BEEN ALLOWED 33 1/2% DISCOUNT FROM TODAY'S WHOLESALE PRICES. THIS ALONE WILL ENABLE US TO SELL TO YOU AT LESS THAN MANUFACTURER'S COST.

THIS IS A REAL BONA FIDE CLOSE-OUT SALE, AND A SALE SO FULL OF HUMAN INTEREST THAT IT WILL BE THE TALK OF THE COMMUNITY BY THE THIRTY FOR DAYS TO COME.

P. C. COOPER, Sales Adjuster, 300 Seventh Ave., New York City.

BUSINESS MEN PLAY INDOOR POLO

CLEVELAND, O., March 13.—Staid Cleveland business and professional men, members of the Exchange club and Electrical League, are playing a new indoor game at their headquarters on the top floor of a downtown hotel, indoor polo, not on ponies but on small kiddie kars, the same as

latest addition to the list of local indoor sports is proving highly exciting and interesting. The games furnishing plenty of thrills and spills.

The match is played with four men on each team, a goal tender, two defensive men and one forward. The ball is about the size of an indoor baseball and the mallets are the same as used in parlor croquet.

Each goal counts five points and a foul counts one. A foul is called when a player strikes at or hits the ball while not on his "pony" or when he touches the ball with his foot or hands in an endeavor to retard it. Four ten minute periods of actual play constituting a game, but time is taken out when a "pony" is damaged by breaking a wheel, or when the ball is out of bounds.

BOY DIES IN GASEBALL GAME

Egg Harbor, N. J., March 13.—The first fatality of the 1922 sandlot baseball season was recorded today with the death of 17 year old Clarence Mitchell. The youth burst a blood vessel while sliding home. He died a few hours later.

HARRY GREB WINS FROM TOM GIBBONS IN FIFTEEN ROUNDS

Both Landed Many Blows
With But Little
Damage

(By The Associated Press)
NEW YORK, March 13.—Harry Greb of Pittsburgh, tonight defeated Tom Gibbons of St. Paul receiving the judges' decision after their 15 round match in Madison Square Garden.

Greb, styled the human windmill, swung hard rights and lefts to Gibbons' head thruout the contest and his speed prevented the St. Paul man from carrying out effectively his famed body attack with which he knocked out within the last two years more than 40 opponents.

Gibbons' punching was all for the body and the blows he landed were light. Gibbons earned five rounds, the second, third, tenth, eleventh and twelfth, and the remainder, with the exception of the fifth and seventh which were even went to Greb.

Neither man landed a blow powerful enough for a knock down. It was the fourth ring engagement of the two fighters. In their previous bouts Gibbons had won two on newspaper decisions. Grebs weighed 163 1-2 pounds and Gibbons was seven and a half pounds heavier.

Round One:—Greb rushed at Gibbons when they clinched the referee had difficulty in separating them. They exchanged light body blows at close quarters. The pace was fast, but the blows were few. Greb landed hard left to body and brought blood from Gibbons' mouth with a right at the end of the round.

Round Two:—Gibbons worked a left to the body. Gibbons crossed a right to the jaw. Gibbons sent right to body. They exchanged hard punches to the stomach at close quarters.

Round Three:—Greb landed a right to the jaw. They exchanged rights to the head. Greb swung three light lefts to the jaw. Gibbons sent left to stomach and Greb crossed a right to the chin.

Round Four:—Greb sent left to the jaw when Gibbons missed a right swing for the body. Greb sent left to stomach. They exchanged rights to the body. Gibbons landed straight left to chin. They exchanged rights to body.

Round Five:—Greb sent a right to the face. They exchanged light blows at close quarters. Gibbons swung a hard left to jaw. Gibbons swung rights and lefts to the jaw. Greb returned with rights and lefts to the body.

Round Six:—Gibbons hooked a left to the stomach. Greb sent a straight left to stomach. Greb found his jaw with a right.

Round Seven:—They exchanged a series of light blows to the body and head. Gibbons hooked left to jaw. Greb followed this with a series of swinging lefts and rights to the head and was whirling his best windmill style at the bell.

Round Eight:—Greb swung hard rights to Gibbons' head. Gibbons hooked left to stomach. Greb sent straight right to the jaw and Gibbons appeared hurt. Greb followed this with a series of swinging lefts and rights to the head and was whirling his best windmill style at the bell.

Round Nine:—Greb was on top of Gibbons from the first and landed a few good blows on the body but in his eagerness he swung wildly. They exchanged straight lefts to the stomach. Greb swung right to jaw and took left to jaw in return. Gibbons landed a stiff inside right to the chin.

Round Ten:—Gibbons swung lefts to body. Greb sent a left to the jaw. Gibbons hooked left to chin and right to body. Gibbons swung hard left to stomach.

Round Eleven:—Greb swung left to face. Gibbons sent a hard left to the stomach. Gibbons sent a hard right to the jaw after taking a stiff left to the chin.

They punched hard to the body at close quarters.

Round Twelve:—Gibbons sent two hard lefts to the body and hooked a left to the chin. Greb returned rights to head and body. Gibbons sent a straight right to the body. Greb swung a left to the jaw.

Round Thirteen:—Greb swung rights and lefts to the head. Gibbons hooked a left to the body. While Gibbons played for knock-out punch, Greb hammered his head and body with swinging rights and lefts.

Round Fourteen:—Greb continued his swinging attack to the head and body. Gibbons swung a left to the stomach. Both missed many chances for effective punching thru wildness. Gibbons landed a light left to the stomach.

Round Fifteen:—Gibbons hooked left to the chin. They exchanged rights to the head. Gibbons continued his body assault, but it was apparently of little effect. Gibbons swung left to the jaw. Greb landed a right to the head at the bell.

BASEBALL PROSPECTS GOOD AT MICHIGAN

Coach Fisher Says Look as Good as In 1921—Squad Cut to 35 Men.

Ann Arbor, Mich., March 13.—As soon as Perry Field is dry Michigan's varsity baseball squad will forsake the cage at Waterman gymnasium, where training has been given for more than a fortnight, and continue the rounding out process in the open. Prospects this year are said by Coach Ray Fisher to be fully as good as in 1921, when the Wolverines placed second in the Big Ten race.

The squad has been cut to 35 men, with further pruning to come. Coach Fisher is confronted with a difficult task, as the team starts south April 7 for a series of nine games. Immediately upon their return the players will engage Illinois here April 22 in one of the most important games on the Michigan schedule.

All of last year's battery men are available this season. Prout Vick, catcher, is in form, as are several good substitutes in the receiving department.

Dixon, Liverance and Schultz, all of the veteran pitchers, are practicing. Dixon, who carried the brunt of the work last year, is said by the coach to be better than ever. Liverance also has shown improvement, as has the third member of the regular pitching staff.

The infield presents a difficult problem, one that probably will not be definitely settled for some time. Boh Knood by fast work and heavy hitting appears to have won his way to the first base job, while Uteritz is gripping the second sack with a strangle hold. The trouble will come in filling positions at shortstop and third.

The outfield finds four veterans trying for regular positions. These are Klein, Shackelford, Ronan and Roby.

OHIO STATE SHOULD HAVE GOOD BALL TEAM

That Is If Numbers Count for Anything—Eighty-One Out But May Be Bloomers.

Columbus, O., March 13.—If numbers count, Ohio State should have a "whale" of a baseball team in the Western Conference this spring. Eighty-one candidates have registered for the varsity under Athletic Director, L. W. St. John.

As matters stand, however, St. John faces the most dubious diamond outlook in his nearly a decade as varsity mentor here. Only four letter men, an outfielder and three hurlers, are available from last year. The nine virtually must be rebuilt from top to bottom.

St. John is all the more eager to locate the real talent among his four score candidates because the Buckeye conference record of ten years has been consistently good. If a few men of ability can be developed from the offering material, the Ohioans should make their presence felt, the coach declares.

St. John is casting longing eyes at Johnny Stuart, star-half back of last fall. If Stuart can make up some scholastic deficiencies now hanging over him he will add some real power to the Buckeye nine. St. John, a good judge of diamond talent characterizes Stuart as the best prospect in Ohio State's history. He is a pitcher from West Virginia.

While the training squad is making use of the big coliseum at the state fair grounds for occasional workouts, St. John is stressing lectures for the time being.

While the signing of Capt. McNulty, who was ineligible for varsity duty, by the Cleveland Indians, the university faces the season with a nucleus of outfielder Ray Fessler, and pitchers Cotter, Griffith and Dudley. One of these four will be chosen for the captaincy vacated by McNulty's going. The erstwhile field leader was an outfielder.

SEEKING THINGS

IN CALIFORNIA
Chico, Calif., March 13.—The mysterious rock fall which has been showering the J. W. Charge warehouse in the industrial district with stones for the last four months, was renewed today. A vagrant shower of rocks fell on the warehouse of J. H. Priel, adjoining the Charge warehouse. The shower was witnessed by Paul Reimer, commander of the Chico post of the American Legion and heard by Priel and one of his employees.

EXPECT TO REACH AGREEMENT WITH COAL OPERATORS

Miners Condemn New Anthracite Scale Will Be Made

(By The Associated Press)
NEW YORK, March 13.—Anthracite mine workers assembled here to complete arrangement for the joint conference with the operators on Wednesday expressed confidence today that the negotiations for a new wage agreement will not be protracted unless the mine owners refuse to recede from their demand for a cut in wages under the present scale.

The statement was made by several members of the scale committee of the miners.

The committee is under instructions to demand an increase in the contract scale of 20 per cent, a dollar a day advance for the men paid by the day, a straight eight hour day under ground for day labor, and a standard checkoff system for the collection of the miners' union dues.

If "no satisfactory agreement" has been arrived at by April 1, when the present two year agreement expires the scale committee is under instructions to bring about a suspension in the anthracite fields. There is little prospect that a wage contract will be negotiated in the next two weeks.

The coal operators thru individual spokesmen have said that the price of coal is too high and the general deflation that has been going on in other industries. They have made no announcement as to the cut the miners should accept. It has been reported that on a percentage of reduction and that no definite wage rate will be offered until they sound out the miners.

Both sides are closely watching developments in the bituminous coal fields and it is not unlikely it was said by those interested in the hard coal situation that nothing definite will be arrived at in the anthracite negotiations until the trend of affairs in the soft coal territory is definitely defined.

President John L. Lewis and Vice President Philip Murray of the international organization of the United Mine Workers are expected to arrive tomorrow after which definite plans for the conference with the operators on Wednesday will be made.

RUTH GETS NO BONUS

FOR HOME RUNS
New York, March 13.—Babe Ruth's contract carries no provision for a bonus on each home run as was reported from Hot Springs the day the slugger came to terms with the New York club owners, Colonel Jacob Ruppert and owner, announced today. The home run slugger signed a straight three year salary contract with an option for its continuance for two additional years at the same figure if both parties agreed, Colonel Ruppert said.

BELIEVE THEY HAVE AUTOMOBILE THIEVES

Dayton, O., March 13.—With the arrest here today of two men who gave their names as Charles Maston and Charles Connell of Richmond, Indiana, police declare they have broken up one of the most daring gangs of automobile thieves which has ever operated in the state. Police say the men confessed to stealing 28 automobiles.

that amount is nearer right, then your annual income paid to the treasury is probably over a million dollars and this amount is believed to be approximately the income paid by two publishers of Washington papers which carry frequent sales tax editorials—one in this morning's issue.

Mr. Hawes who referred to himself as a member of the American Legion criticized the bonus bill as a "gold brick" which members of congress proposed to sell to soldiers in exchange for votes. While holding the procedure program in abeyance to ascertain the views of Speaker Gillett, Republican leaders frankly admitted they hoped meantime to receive some authoritative word from President Harding as to whether he would approve the bill with its present provisions. A definite expression from the president several leaders declared would greatly clarify the situation.

Those in charge of the legislation expressed confidence of their ability to muster the necessary two thirds vote for passage of the bill under suspension of rules, and stated they preferred to follow that tack if the speaker consented.

MUSICAL REVUE NOW AT GRAND

Clever Company Is Presenting
Refined Entertainment at
Popular Prices.

The Bandbox Musical Revue with Billy Van Allen is the attraction at the Grand Opera House every night this week except Thursday. The opening performance was given last night and thoroughly pleased a large audience. Billy Van Allen is a comedian of real ability and the company includes young women who dance and sing well.

The Bandbox quartet has its important place on the program and the numerous specialties combine to make up an excellent program. The revue is playing at popular prices, but is fully the equal of many companies playing at regular prices. The management of the opera house gives assurance that this company is presenting nothing but clean, wholesome and high class entertainment features.

A Day of Specialists

An Optometrist is a specialist—This is the age of specialists. It is reasonable to presume that such delicate work as eye examination and eyeglass fitting is done best by a specialist. My work is confined to Optometry and my workshop engaged in only lens grinding and handling. My salesroom contains articles to meet every need of wearers of glasses. If you have never seen this shop—if you have eye trouble of any form, reflect an instant upon the value of specialization.

CHOCTAW INDIANS IN SAD CONDITION

MUSGOGEE, Okla.—By The Associated Press.—Fourteen hundred members of the Choctaw Indian tribe residing in the state of Mississippi are in a deplorable condition, in the opinion of Peter J. Hudson of Tuska, Okla., member of the Oklahoma Choctaw tribe, who has returned from a month's mission among the Mississippi Indians. Mr. Hudson and the late Monsigneur W. H. Ketcham of Oklahoma City were delegated by Indian Commissioner Burke to make an investigation of the condition of the tribe in that state. Monsigneur Ketcham died suddenly at Philadelphia, Miss., while engaged in the work.

The 1,400 Mississippi Choctaws are divided into ten clans and they are constantly quarrelling, WHAT IT TAKES TO BE GOOD BEEKEEPER

Omaha, Neb.—By The A. P.—Success as a bee-keeper is attributed to "being in good standing with my neighbors" as a result of sweetening their disposition towards the bees, by Henry Clay ("Honey") Cook, retired policeman of this city.

"When the honey is first taken off I give near neighbors a generous sample and always send the finest I have," says Mr. Cook, who explains that the policy makes them good boosters.

With his neighbors as boosters, Mr. Cook's bees yield him from \$1,200 to \$1,400 a year.

according to Mr. Hudson. Originally their ancestors were members of the Choctaw tribe that migrated to Indian Territory in the early 20's. They have made no progressive steps in the past 100 years. Their sole occupation is farming and as such they are tenant farmers of whites.

"I am firmly convinced that by education alone can the customs and barriers of a hundred years' standing be broken," says Mr. Hudson, "to impress the Choctaws with the responsibilities of citizenship. Today they exercise no right of franchise and are not on terms of social equality with the white citizens of Mississippi."

"It will require many years to bring about the education of the young Choctaws of Mississippi."

PEORIA—President George E. Vincent of the Rockefeller foundation, former president of the University of Minnesota, will deliver the address here March 27 at the annual meeting of the Peoria Association of Commerce. His subject will be "Community Spirit."

FUNERAL TO BE HELD AT WINCHESTER RTODAY

Remains of William Hieronymus of Beardstown to be Laid to Rest at Winchester—Other Winchester News.

Winchester, March 13.—Word was received by Charles Hieronymus and family of the death of their son and brother, William Hieronymus, at his home in Beardstown. Members of the family left Sunday for Beardstown and will accompany the remains here on a special train, arranged for by the Elks, which will leave Beardstown about 12 o'clock Tuesday. There will be a short service at the cemetery after the arrival of the train about 1 o'clock.

The deceased had been in poor health for a long period but the news of his health came as a shock to family and friends. He was engaged in the clothing business in Beardstown and was one of the prominent citizens of that community, where he was born and reared.

The funeral services will be held at 10 o'clock Tuesday morning at the Congregational church in Beardstown. The services at the grave will be in charge of the Elks lodge of which the deceased was a member for a number of years.

News Notes.
Mrs. Bertha Reutshke of White Hall and brother, Franz Biernbaum of St. Louis were visitors here Sunday.

Mrs. Bertha Demerath has returned from Astoria.

E. L. Balsley of Galesburg was here Monday looking after business and calling on friends and relatives.

Mrs. Fred Neat and little daughter are quite ill at their home on North Main street.

Mrs. Wallace Hart returned Sunday to her home in Naples having been called here by the death of her mother, Mrs. Samuel Cohagan.

HAGGIN HOME TO BE SHRINE CLUB HOUSE

Lexington Lodge Plans to Make Green Hills, Home of Famous Turfman, National Club House for American Shriners.

LEXINGTON, Ky.—(By The A. P.)—Green Hills, mansion of the late James Ben Ali Haggin of Elmendorf farm, one of the most famous estates in the Blue Grass Region of Kentucky, will become a national club house for the Shrine Lodge of America, if plans of the Lexington Lodge materialize.

Gus Heyman, an official of the Lexington lodge, is in communication with national officers in regard to buying the mansion, which has been tenetless since Mr. Haggin's death nine years ago.

The estate, once one of the show places of Central Kentucky and one of the first and largest estates established in that section by eastern financiers, has been in process of disintegration since the death of the owner. Green Hills, the mansion, stands on a knoll overlooking thousands of acres of rolling blue grass pasture. The mansion, with 600 acres of lands, is all that is left of the vast estate that once rivalled Biltmore, the estate of the late George W. Vanderbilt, near Asheville, N. C.

The house, together with its furnishings, cost \$300,000 when built 20 years ago.

A caretaker is the only person to use the place since Mr. Haggin's death. The interior of the mansion is just as Mr. Haggin left it.

Although much of its former splendor has vanished, Elmendorf still is one of the most popular points of interest in the Blue Grass region, thousands of persons visiting it annually.

HAWAIIAN FAMILIES TO BE GIVEN LAND

Honolulu, T. H.—(By The A. P.)—Each of the Hawaiian families or individuals who go to the island of Molokai next year under the plan for the rehabilitation of the dying Hawaiian race will be given at least a twenty acre tract of land, under plans of Jorgens Jorgensen, engineer for the Hawaiian Homes commission which is directing the project, he announced today.

George P. Cooke, executive secretary of the commission, said that if the 20-acre tracts were found to be insufficient, the settlers undoubtedly would be allowed additional land upon which to raise produce to sustain themselves away from the cities, residence in which has been regarded as having a deleterious effect upon the health and well-being of the Hawaiians.

IMMIGRATION'S AUSTRALIA'S CONCERN

Sydney, N. S. W.—(By The A. P.)—Promotion of immigration to Australia will be the principle concern of John McWhae, who left recently to assume the post of Agent General for Victoria in London, he announced prior to his departure. He said that immigration of Englishmen was vital to the safety of Australia, "which is menaced from two quarters, Europe and Asia."

America is a closed door to Slavs and other persons who must go elsewhere, he declared, adding that the next twenty years' would show whether "Australia will remain a white man's country or whether it would have a mongrel race."

AGUINALDO MAKES FIRST APPEARANCE

Manila, P. I.—(By The A. P.)—General Emilio Aguinaldo made what is said to be his first suggestion regarding the political affairs of the government, since his surrender to the American forces more than twenty years ago, when he appeared recently before the senate committee on privileges and elections which has before it proposed amendment to the elections law.

The committee is attempting to find a means of enabling voters who can not read or write to vote intelligently and General Aguinaldo made the proposal that instead of requiring the name of the candidate to be written on the ballot, his picture be printed and handed to the voter when he goes to the polls. He suggested that the elector could use the picture

of the man he desired to vote for and thus avoid being deceived by persons selected to write down the names.

DEATHS

Monroe.

Mrs. Sarah Monroe of Concord passed away Sunday evening at a local hospital where she had been a patient for about three weeks. The decedent was 68 years old at the time of her death and was well known in Concord having made her home in that vicinity for many years.

Mrs. Monroe was the daughter of Rev. and Mrs. Samuel E. Martin and was born in Farmer City, Illinois. She came to this country many years ago and her father was a well known Methodist minister of one of the Morgan county circuits. She was a member of the Methodist church in Concord and since the death of her husband, some years ago, Mrs. Monroe had followed the profession of nursing.

The remains were removed to the undertaking parlors of Williamson and Son and prepared for burial. Funeral services will be held Tuesday afternoon at 3 o'clock at the M. P. church in Concord. Reverend C. S. Hilburn will officiate and interment will be made in the Concord cemetery.

The deceased is survived by one son, Samuel Monroe of Oregon, one sister Mrs. Hattie Leonard of Concord and one brother Barge Martin of Concord. She was preceded in death by her husband and one son, Charles B. Monroe.

Crews.

Mrs. Martha M. Crews died at the family home, 645 South West street at 9:30 o'clock Sunday night. She had been in ill health for many years and since the death of her daughter Mrs. Benjamin Chapin which occurred February 9 she has been gradually failing.

Decedent was born in the state of Missouri, Dec. 10, 1865, and was the daughter of Calvin and Amanda Richards. She came to this state early in life and was united in marriage to Joseph B. Crews at Winchester in 1874.

Her husband and two daughters preceded her in death. She is survived by two daughters and one son, Mrs. W. A. Moore of St. Louis, Harry Crews and Miss Pearl Crews both of this city. She also leaves two sisters and two brothers, Mrs. Ida Jeffries of Peoria, Mrs. Mary Smith of California, Benjamin Six of Peoria and James Six of Oklahoma.

Mrs. Crews was a member of the Baptist church. During her long illness she was always patient and cheerful, and her greatest pleasure was found in ministering to those she loved.

The body was taken to the Gillham Funeral Home and prepared for burial. Funeral services will be held from the residence at two thirty o'clock Wednesday afternoon in charge of the Rev. A. P. Howells pastor of the First Baptist church. Interment will be in Jacksonville cemetery.

SCHOOL FOR BLIND STUDENT DIED LAST NIGHT.

The death of Frederick Robinson, a student of the School for the Blind, occurred at the school last evening at 9:30. Death was caused by pneumonia and decedent was ill but two days.

Decedent was sixteen years old and his parents live at Centralia. The father is the presiding elder of the Methodist church of that place. News of the young man's death was dispatched to the parents and the mother will arrive early tomorrow to take the body home.

The body was removed to the Cody undertaking parlors and prepared for burial.

CITY WILL BUILD FILTER ADDITION

Bids Are to Be Received at Early Date—West College Avenue Paving Ordinance Adopted.

At the session of the city council Monday night City Clerk Scott was instructed to advertise for bids for an addition to the Jacksonville Filtration plant. The plans and specifications are on view at the office of the Caldwell Engineering Co. The council met in regular session with Mayor Crabtree, City Clerk Scott and Aldermen Flynn, Longner, Chapin, Cain, Rowe and Williamson present.

A communication was read from the Chamber of Commerce asking that blue and gold be designated as the official colors of Jacksonville. This action was taken on motion of Alderman Longner and with a second by Alderman Chapin.

The report of the water extension committee of citizens advocating certain plans with reference to the extension of Jacksonville water mains was received and placed on file. On motion of Alderman McGinnis, with a second by Alderman Cain, the report of George Brown, retiring president of the Jacksonville Plumbing board, was received and placed on file.

The ordinance providing for the paving of West College avenue was given a second reading and adopted. Some other matters of routine business were given attention and the council then adjourned.

HIGH SCHOOL BURNED JUST FOUR YEARS AGO

About 2 o'clock Thursday morning, March 14, 1918, that is just four years ago today—the high school burned. The structure was considered quite fine in its day, but was insignificant by comparison with the present day high school building. The old building cost about \$125,000, as it was erected at a time when the cost of construction was very moderate. The present much more commodious building was erected at a cost of something more than \$500,000.

The High School Nautibus, published a week or two after the fire, published two half tones, one showing the building before the fire and another the small portion that was left standing a day later. A page of these pictures in the Journal office window secured from the scrap book of Miss Frances Griswold, brings the fire of four years ago quite vividly to mind.

FINE RECORDS MADE AT WOODSON S. S.

Prizes Awarded to Scholars Who Have Attended Regularly—Other Woodson News Notes.

Woodson, March 13.—Unusual interest attached to the Sunday school services at the Woodson Presbyterian church Sunday morning. At this time prizes were awarded to six children who have attended Sunday school for the past 26 Sundays, and to seven who have been present practically during all that period. Cards were also distributed among the other children who have made good records at the Sunday school.

Sunday evening Rev. A. E. Powell gave an interesting blackboard sermon on "Two Faces." There was a large attendance at both the morning and evening services.

Mrs. Fannie McKean of Jacksonville spent Sunday with relatives in Woodson.

Mrs. Thomas Shelton of Ashland, Mrs. Charles Smith of the Ohio neighborhood, Mr. and Mrs. Floyd Fitzsimmons of near Murfreesboro were called to Woodson Sunday on account of the illness of their mother, Mrs. Mollie Fitzsimmons. The latter is now somewhat improved.

Mrs. Dallas Crain and Mrs. I. H. Fuller are both on the sick list.

The Ladies Aid society of United Presbyterian church will hold all day meeting at the home of Miss Jane Irlam next Thursday, March 16. The women will sew for two mission stations, one in Syria and one in China. Donations are asked of sewing thread, sizes 40 to 70, and thimbles, pencils and large sized safety pins, all of which are to be sent to the mission stations.

EATS HEARTILY FOR FIRST TIME IN OVER A YEAR

Food Seemed to do Chicago Woman More Harm Than Good and She Was Steadily Losing Weight and Strength—Health Restored

"For the first time in a year I am able to eat a hearty meal and enjoy it and I certainly am grateful to Tanlac," said Mrs. Hilda Frederickson, 612 North Dearborn St., Chicago, Ill.

"My appetite gave out a year ago and my stomach became so upset that even the sight of food annoyed me. What little I ate seemed to do me more harm than good and I was steadily losing weight and strength right along.

"Since taking Tanlac I have gained nearly ten pounds in weight, eat anything I want and feel as healthy as a girl. I will praise Tanlac as long as I live."

Tanlac is sold in Jacksonville by Coover Drug Co., and Shreve's Drug Co., and by leading drug stores everywhere. (adv.)

This is the Stove Polish YOU Should Use

IT'S different from others because more care is taken in the making and the materials used are of higher grade.

Black Silk Stove Polish

Makes a brilliant, silky polish that does not rub off or dirt off, as the silicate film remains on the stove as long as the stove is used. Used on stoves, grates and sold by hardware and grocery stores.

All we ask is that you try it on your rock stove, your perfect stove or your gas stove. If you don't find it the best stove polish you ever used, your dealer is authorized to refund your money. Insist on Black Silk Stove Polish.

Made in liquid or paste—one quality.

Black Silk Stove Polish Works

The Black Silk Stove Polish from Enamel on grates, registers, stoves, etc., prevents rusting. Use Black Silk Stove Polish for silver, nickel or brass. It has no equal for season automobiles.

TRAFFIC COMMITTEE SENDS OUT LETTER

The traffic committee of the Chamber of Commerce is giving much time and thought to the organization of a traffic bureau in Jacksonville. The following letter has been sent out to the Jacksonville shippers and it is probable that some definite action will be taken in regard to establishing such a bureau.

"Jacksonville needs a Traffic Bureau headed by a competent man who is able to look after our shipping problems, procure for us rate adjustments, audit our freight and express bills, route our shipments in-bound and out-bound, adjust our claims and do other things for us that will make our shipping problem more simple. The committee in charge of this project has given much time and attention to the organization of this Bureau and after a thorough investigation has come to the above conclusion.

"We need your cooperation to put this thing over. Will you be a member of this proposed organization? The cost will be small and the returns big in both money and satisfaction. Some member of the Committee will call upon you personally in the near future and explain the plan in detail.

"Charles Feidler, Chairman."

SEARCHY, CANDIDATE FOR SENATOR, GIVES MORGAN HIS VIEWS

(Political Advertisement)

As a candidate for the Republican nomination for State Senator from the district including Morgan and Sangamon counties, I feel that it is only fair to my Republican friends to let them know candidly how I stand on the principal issues which are up for decision at the primary of April 11.

In brief, my opponent in this contest—for whom I have the highest personal regard—is pledged to carry out, if elected, the wishes and policies of the Lundin-Thompson-Small machine. He has so stated this intention openly, and I admire his frankness.

As regards myself, I am ready, as I was during my one term in the House, to back up Governor Small to the limit on good measures; but I am absolutely against any bills or measures that have as their underlying aim the extension to this county and district of the Lundin-Thompson way of doing things. That clique is about done in Cook county, and I feel that we can take care of our political affairs down here without their interference.

These, fellow Republicans, are the chief differences between my opponent and myself in this race. The Lundin-Thompson crowd wanted civil service done away with. They tried, by means of the Wheeler bill, to do away with it. I was against any such wholesale return to the spoils system, and am still against it.

The Thompson-Lundin element tried to put through a tax commission bill which would have given a greatly enlarged tax commission power to go back any number of years into your taxpayers' individual assessments, change and revise those assessments according to the commission's own will and direction. The object of the bill as stated privately by both Lundin and Thompson was to enable the tax commission, dominated by them, to whip every taxpayer of Illinois into political line, if necessary. I was against that bill, and am still against it.

The Lundin-Thompson-Small machine, under the cloak of reform, plans, if it can control the next legislature, to put through several very expensive bureaus and commissions, in the name of law enforcement; the real object of which bills, however, will be to create political jobs. We have a law enforcement statute on the books today, which is full of teeth, and which I helped put there. I say, with farm products as low as they are, and with not one farmer in fifty paying an income tax this year, that I am everlastingly against the addition of a single position that isn't actually needed. On the other hand I am ready and anxious to help CUT, and cut DEEP into padded payrolls. This is not time to countenance useless jobs. I favor helping the "little fellow" who is trying to support a family on \$50 to \$80 a month, but I say, cut off the individual who is being paid a handsome salary for the one and only purpose of rearing about and building up political fences.

The issue is one which involves the question: Will we support a crowd that has wrecked Chicago financially, and now seeks the entire state as a field of operation, or will we fight that crowd? So far as I am concerned I am opposed to its operations down this way. If Cook county wants to put up with Lundin and Thompson for a while, it has that privilege. Down here, we can get along without them.

I realize that Dick Dye, and some of his associates, are organized in an effort to defeat me. That, of course, is their privilege. I have no quarrel with them if they elect to line up with the Chicago city hall crowd. It is up to the voters, however, to say whether or not they will deliver their senator to the Cook county political machine.

Morgan county, so far as I am concerned, is one half of this senatorial district. I proceeded on that theory while in the House, and I'll continue to do so if I go to the Senate. I have always believed in the county representation plan. I wish the constitutional convention would insert that provision in the new constitution. Whether it does or not my warm feeling toward Morgan will be unchanged. The fact that Sangamon county has the preponderance of votes cuts no figure so far as my duty toward the Morgan half of this senatorial district is concerned.

If you can support me on April 11th, in view of these declarations I shall appreciate your votes.

PREST-O-LITE'S Double Message to Car Owners

Here is a two-fisted battery offer to the owners and drivers of automobiles: Prest-O-Lite's 1922 prices, The Greatest Battery Values:

Prest-O-Plates, the greatest advance in battery making.

Either one singles out Prest-O-Lite from other batteries. Combined they make it a battery value without a rival.

Money-Saving Figures

Prest-O-Lite Batteries represent the greatest value in years. Consider that you can buy a regular Prest-O-Lite Battery for popular makes of light cars for \$19.90 (trade-in price).

Here are other outstanding values: \$24.50 (trade-in price) for a 6-volt type serving

BUICK	MAXWELL	CHANDLER
OAKLAND	HUDSON	ESSEX

12-volt type at \$32.30 (trade-in price) that serves

MAXWELL	DODGE	FRANKLIN
---------	-------	----------

There are similar reductions on every Prest-O-Lite Battery, and Prest-O-Lite builds a correct type of battery for every make of motor car and truck.

Yes, With PREST-O-PLATES

These are not special models. They are top-quality Prest-O-Lites, with the famous Prest-O-Plates.

Prest-O-Plates are as different from ordinary battery plates as gold is from gilt. They combine unusual hardness with a peculiar porosity. None of the old plate compromise between hardness and porosity. Prest-O-Plates have both.

This explains their ready dependable reserve power in biting zero weather, and their non-buckling, heat-resisting strength in summer.

Experts say that they are the world's best battery plate, and this is the same as saying that Prest-O-Lite is the world's best battery.

For the life of a battery is in the plates. You never need a new battery until the plates in your old go bad. As long as you have live plates, you have a battery.

Doubly Guaranteed

And every part of a Prest-O-Lite Battery is worthy, in material and workmanship, of Prest-O-Plates.

That is why 87 leading manufacturers specify Prest-O-Lite as original equipment, and "the list is growing."

Every Prest-O-Lite is backed by the regular Prest-O-Lite guaranty, a definite obligation, plus a spirit that says the car owner must be pleased.

Use PREST-O-LITE Service

It is our business, as part of Prest-O-Lite Service, the oldest organized service to motorists, to carry out this spirit; and to see that you get every bit of life out of a Prest-O-Lite Battery.

But, no matter what battery you have, use our Service Station. You will find our experts ready to help you prolong the life of your battery. No one here will tell you that you need a new battery until you do. Come around today.

STOCK MARKET HAS
UNEVEN COURSE

By Associated Press.
NEW YORK, March 13.—Indi-
vidual or selected issues domi-
nated the uneven movement of prices
on the stock exchange today. Few
of the leading or representative
shares showed any definite trend
until the final hour when selling
pressure effected reactions of 1
to 3 points.

Utilities, sugars, rubbers, in-
dependent steels and junior rails
registered gross gains of 1 to 6
points.

Dividend paying rails, motors,
equipments and the oils figured
only nominally in the extensive
turnovers. Sales amounted to
1,000,000 shares. Western ton-
nage conditions the past week
were more encouraging and gen-
eral if somewhat irregular busi-
ness gains were reported from that
section as well as further pro-
nounced improvement in the steel
and automobile trades. Money
rates were irregular. In the open
market all call loans were negoti-
ated at 4 per cent, but a 3 1/2
per cent rate again ruled in private
transactions on prime collateral.

The reversal in foreign ex-
changes hastened by heavy offer-
ings of cotton bills was the most
drastic of any recorded since Brit-
ish and allied quotations began
their buoyant advance several
months ago.

Liberty 3 1/2s closed at a slight
loss but most of the 4 1/2s and Vic-
tory notes strengthened on fur-
ther accumulation. Total sales,
par value, aggregated \$15,724,-
009.

Grace Church Doings
 The Bloomington School put it over on the local school on the second Sunday of the contest. Reports were exchanged and announcement was made at the morning service of the days efforts. Bloomington reported 441 in attendance, an offering of \$26.46, on time 315, attendance at church last Sunday was 194, and 9 new scholars, while the local school had 414 in attendance, an offering of \$20.15, on time 259, attendance at church last Sunday 201, and 14 new scholars.

In spite of the better reports on Sunday for the Bloomington School, Jacksonville is still in the lead to date with a total score of 220 to 170. The local school is gradually warming up to the contest and some splendid work is being done by most of the classes in enlisting the cooperation of the enrollment. Sickness in many of the homes is interfering with the attendance.

The subject of the morning sermon was "The Stewardship of Possession." A special appeal for signers of the Stewardship pledge was made. The Intermediate and Junior League met at 6:30 with Miss Helen Bennett as leader. About one hundred young people were in attendance.

The subject of the evening sermon was "The Service of Love." Monday evening the monthly meeting of the Sunday School Board will be held, luncheon will be served promptly at six o'clock. Official Board in monthly session at 7:30.

The Pastors' Aid Society will sew all day Tuesday for Passavant Hospital, a business session will be held in the afternoon.
 The Woman's Home Missionary Society will meet Wednesday afternoon at 2:30 in the church parlors.
 Mid-week prayer service Wednesday evening at 7:30. Troop Seven meets Friday evening.

GOVERNOR SMALL SETS ARBOR AND BIRD DAY

Dates Are April 14 and October 27—Speaks of Value of Both to the State.

Springfield, Ill., March 13.—Governor Len Small today issued his annual Arbor and Bird Day proclamation. It follows:

"The trees and the birds of any land constitute a part of its natural wealth, and their aesthetic value is highly as important to the people as their economic value. They minister to and delight the senses. Our trees preserve our lands from erosion. They furnish us with the fruits of the earth and with lumber to house us and with fuel to warm us, and their grateful shade shields us from the blazing sun of summer. Our birds, subsisting largely upon insect pests, protect the growing trees and crops and thus add materially to the wealth of the State, beside contributing to our pleasure by their bright plumage and sweet songs. It is quite essential that our youth from time to time be impressed with the necessity of propagating and fostering these important natural resources.

"Now, therefore, I, Len Small, Governor of Illinois, by virtue of the authority in me vested by statutes, do hereby designate Friday, April 14, and Friday, October 27, of the present year, as Arbor and Bird Days, to be observed throughout the State by planting and care of trees, shrubs and vines about the homes, on the farms, along the highways and about public grounds within this state, and as days upon which to hold appropriate exercises in the public schools and elsewhere to emphasize the importance to our state of the propagation of trees, shrubs and vines, and the preservation of our native birds.

"I witness whereof, I have hereunto set my hand and caused the Great Seal of the State to be affixed."

STUDENT DEAD
 Word has recently been received at Illinois Woman's college telling of the death of Mrs. Bertha Kitchel Witcher at her home in Olney, Illinois, Tuesday, March 7th. Mrs. Witcher passed away after a very brief illness. She was the wife of Judge Robert B. Witcher, a prominent citizen of Olney, Illinois. Mrs. Witcher was a member of the class of '76 at the Woman's college and was the daughter of Colonel Ed Kitchel of Olney.

NOTICE TO TAX PAYERS
 The tax books are now in the collector's office and taxes extended stand as judgments against all parties mentioned therein.

Persons paying on personal property only should pay the tax promptly and avoid trouble and expense in collection. The judgment reads as follows: "In case any person named in said books shall neglect or refuse to pay their personal tax, you shall levy the same by distress and sale of goods and chattels of such persons." Parties paying on real estates should bring their old tax receipts to save time and avoid mistakes. If paying thru the banks, leave your old receipts with your bank as soon as possible.

Baptist Church Notes

Did you attend Sunday School and Preaching Service Sunday? If not, you missed a treat. The splendid attendance at Sunday School was an indication of the increased interest and growth of our school. The subject of the morning sermon was "A Keep Sunday Revival," and was a strong appeal for Christian men and women to "Remember the Sabbath Day to Keep it Holy." The scripture lesson read from the 13th chapter of Nehemiah, "Who Drove the Snakes Out of Eden?" was the subject of the evening sermon. The scripture lesson was taken from the 21st chapter of Numbers.

Both the Senior and Intermediate B. Y. P. U. were largely attended. Gail Jackson was the leader of the Seniors and Isabel Anderson for the Intermediates. The Intermediates will begin a contest next Sunday evening. Donald Hess is leader for the Reds and Harold Rabjohns for the Blues.

It must have been gratifying to the pastor the way the young people responded to his request to join the chorus choir. About thirty young people sat on the platform which has been placed there in preparation for the special meetings. Mrs. Wilder will lead the choir until the arrival of Evangelist Dunk. That was a fine beginning but there is room for more. Join the choir next Sunday evening.

The Woman's Union will meet at 2:30 Wednesday afternoon. An interesting program has been planned, there will also be plenty of White Cross work. A full attendance is desired. The regular mid-week prayer service Wednesday evening at 7:30. The subject for discussion will be "How to Bring Men to Christ." Get the habit of attending the mid-week prayer meeting, you will enjoy it.

Thursday evening at 6:15 will occur the regular luncheon for the

teachers and officers of the Sunday School. If you did not get your name in Sunday, notify Supt. Koppel not later than Wednesday. There will be a meeting of the Advisory Board Thursday evening at 7:30, in the church parlors.
 All the young people of church, Sunday School and B. Y. P. U. are invited to the St. Patrick Social Friday evening in the church parlors.
